UK & IRELAND NATIONWIDE COVERAGE

Our dedicated engineers and Hussh Pods across the UK ensure your operations run smoothly.

While our proven BESS configurations are highly reliable, our expert service team is always ready to step in when needed. We monitor Hussh Pods remotely, making performance adjustments instantly to minimise downtime.

- No charge for digital technical team calls.
- 80% of technical enquiries solved on the phone
- 24-hour helpline & 4-hour callout time.
- Our field engineers cover the entire UK.
- We upgrade or retrofit your batteries.
- We have availability of spare parts at our build centre.
- We service any Hussh Pod or other BESS unit.
- We commission your Hussh Pod at your site.

Hussh Pod Fleet Locations

ACCESS TO TECHNICAL ASSISTANCE AND YOUR RETURN ON INVESTMENT

All our Hussh Pods are digitally monitored and reported by our in-house technicians.

We want to ensure you are fully informed about your Hussh Pod assets out in the field. We have full remote access to your units, meaning should any technical enquiries arise, we've got your back.

Every business that invests in us will receive reports on how effective their Hussh Pod is on site.

- Running Costs Saved
- CO₂ Emissions Saved
- Reduction in Run-Hours
- Generator Hours Saved
- Hussh Pod Usage
- Reductions in Diesel Usage

CUSTOMER VALUE AGREEMENTS, TAILOR-MADE FOR YOU.

What is a CVA?

A CVA (Customer Value Agreement) is a tailored support package that ensures your Hussh Pod Battery Energy Storage System performs at its best throughout its lifetime. With a CVA, you get peace of mind knowing that your system is proactively monitored, regularly maintained, and backed by guaranteed response times.

COMPREHENSIVE KNOWLEDGE TRAINING FOR YOUR TEAMS

We know what it's like when you purchase something new that you may be unfamiliar with. How does it function? How do I turn it on? How do I make it work for me?

Our field engineers can train your site management team on location, on our website or through our Hussh Hub Academy training days, meaning you're fully informed and always 'in the know'.

LESS HASSLE, MORE VERSATILITY, BETTER REWARDS

*Keep your Hussh Pods in your depot as
consignment stock**

We want the process of getting your Hussh Pod on site to be as simple as possible. If you have a depot to store your Hussh Pod, we can deliver it straight to you, meaning when you need your Hussh Pod to go out on site, especially in urgent situations, you won't need to wait for us to deliver it.

*Minimum number of Hussh Pods transported required
